First I wish to thank you for addressing something that was hidden for 47 years. You have no idea what this means to me. I have a very spot on memory and can give you names, dates, places and everything you could need for this. I remember everything and everyone ever involved. Sick people that used me in ways you will be sick about. I was up last night for reasons I don't know but insomnia is one of the gifts I read given since I was very young because of all them and this commercial for abuse showed up. I've seen pretty much every single one out there for everything and never have I seen for what happened to me. Thank you. Maybe after all these years I can get help for the animals given authority over me starting from Cub Scouts to Boy Scouts. Maybe I can help you to fix others that can't give you exact everything. Justice was never served and their lives just went on. Years of pain and suffering and now someone has what it takes to help us who were defenseless against them.

Thank you.
